

RESEARCH EXPERIENCES FOR TEACHERS (RET)

MENTOR EVALUATION SURVEY

TEACHER: _____ FACULTY NAME: _____

Percentage of time each lab member supervised the teacher? Faculty _____ grad student _____
Post-doctoral fellow _____ lab tech _____ Other _____

Is this your first time mentoring a pre-college teacher? Yes _____ No _____

Directions: Please circle the number which rates the extent to which you believe the teacher accomplished each of the following items:

Please return within the next 10 days

THE TEACHER....	Strongly <u>Disagree</u>	Disagree Somewhat	No Opinion	Agree Somewhat	Strongly <u>Agree</u>
1. Developed insight into the process of scientific research.	1	2	3	4	5
2. Developed an appreciation of the daily work of a scientific researcher.	1	2	3	4	5
3. Contributed to my research project.	1	2	3	4	5
4. Improved his/her science skills during the training period.	1	2	3	4	5
5. Demonstrated increased enthusiasm toward science as a real world activity.	1	2	3	4	5
6. Accepted constructive criticism in a professional manner.	1	2	3	4	5
7. Adjusted to the challenges of the laboratory environment.	1	2	3	4	5
8. Persuaded you that lab placements were worthwhile for teachers.	1	2	3	4	5
9. Shared ways this research experience could be used in the classroom.	1	2	3	4	5
10. Persuaded you that this program was worthwhile for you and other mentors.	1	2	3	4	5

COMMENTS: Please feel free to add any comments on the reverse side of this sheet that describes your relationship with the research fellow, how it contributed to his/her participation in this program and how his/her participation changed your perspectives on the nature, demands and needs of the pre-college science educator.
